Technical Data Sheet

Purisan™ Bromine Tablet

Description

Slow dissolving organic compound based on bromine and formulated for the cleaning and disinfection of both swimming pool and spa water.

Characteristics

Physical Appearance: Solid White Tablet (20 gms).

Odour: Slight odour

Instructions For Use

Dose by using a dispenser and set the opening to release sufficient product to maintain a free bromine level of:

2 - 4 ppm for public and covered swimming pools & private spas
3 - 6 ppm for public spas

Comments

Water pH must be maintained in the range 7.2 – 7.6 and this should be checked daily.

Recommended dosages are approximate and depend on water hardness, bather load and the weather.
